## About Spring Weeks

Spring Week events are a great way to get your foot in the door in the first year or second year of a four -six year degree course into different industries. If you do well often you are fast tracked and made an offer for a highly competitive summer internship which can then lead to a permanent graduate job offer. Many people say that Spring Weeks are the reason they are in particular jobs because of this fast tracking process.

## Industries offering Spring Weeks include

**Banking | Finance | Technology | Consulting | Energy | Professional Services** *Plus many more !*

## About the Spring Week Application and Summer Internship Preparation Event

You will be given the tools and information you need to make successful spring week and summer internship applications.

**Deadline to sign up is
