

CATRIN HUBER

**Zoom on 28th October at 5pm**

**Workshop / presentation: Building a model of a room / exhibition space.** We will discuss why and how working with models can be useful. I'll talk you through the process of building a model for a specific exhibition space. This is a good opportunity to ask questions and share good practice. If you would like to start a model during the workshop, do have the following materials ready: sheets of card or mounting board, scissors or a scalpel, glue gun or appropriate other glue, ruler, pencil and paper, cutting mat, if needed.
