

Online workshop- Advanced Frame making

Date- 2pm 5th Nov,

19th Nov,

3rd Dec

Duration 90mins

Maximum 4 students.

This workshop will show you how to make a quality canvas stretcher or other type of frame. You will learn how to accurately cut wood to 90 and 45 degrees, how to plane a chamber, how to do a lap joint and how to correctly drill and screw together the wood.

No previous wood working experience is necessary.

You will need live video connection and a sturdy table.

All tools and materials will be provided.

Cost of workshop £2.
