

Online workshop- Making canvas stretchers with saw and hammer

Date and times 10am 4th Nov, 18th Nov, 2nd Dec

Duration- 60 mins

This workshop will show you a quick and easy way to knock-up a canvas stretcher or any other type of frame using only a saw and a hammer.

For this workshop materials and tools will be provided but in future you will be able to use recycled wood found in skips or buy from a timber yard.

You will need video connection and a sturdy table.

No previous wood working experience is necessary.

Cost of workshop £2.
