

A DIALOGUE ON LANGUAGE AND LABELS

Should there be a list of dos and don'ts for terminology?

Should adults be punished for language they used
on social media as a child?

Is it OK to ask a well-meaning but potentially
offensive question?

This workshop series is aimed at Newcastle University
staff and students who are interested in taking part
in honest and open discussions on language.

At each workshop, specially selected guest speakers will
provide insight into inclusive communication and
issues surrounding the protected characteristics.
